

Access your eScienceLabs[®] student resources with these easy steps...

The diagram illustrates the process of accessing student resources on the eScienceLabs website. It shows three main steps:

- Step 1: Register** - A user registers for an account on the Student Portal. The registration form includes fields for Email and Password, and a 'Log In' button.
- Step 2: Log In** - A user logs in to the Student Portal. The login page has a 'Log In' button and a 'Create Account' link.
- Step 3: Have a Code?** - A user enters a code to access the Student Portal. The login page has a 'Have a Code?' link and a 'Log In' button.

The diagram also shows the 'Student Tab' on the homepage and the 'Have a Code?' button on the Student Portal.

DIRECT PURCHASE FROM WEBSITE

If you purchased a kit directly from www.eScienceLabs.com your user account already has access to the student resources for your course.

1. Visit www.eScienceLabs.com
2. Click the Student tab
3. Log in
4. Find your lab kit by title or SKU number from the search bar
5. Click the link for your kit
6. Select a lab topic.

INDIRECT PURCHASE

If you purchased a kit from an indirect source, like a bookstore, you will need to register for a new account.

1. Visit www.eScienceLabs.com
2. Click the Create Account button (upper right on web page)
3. Complete your registration
4. Log in
5. Click the Have a Code? button (upper right on web page)
6. Enter your access code and Submit
7. Click the Student tab
8. Find your lab kit by title or SKU number from the menu
9. Click the link for your kit
10. Select a lab topic
